25X1A6A 2. There are attached two pieces of correspondence pertaining to a recent offering to us by the General Services Administration as a replacement facility for the [REDACTED] [REDACTED] Attachment 1 presents the comparative financial features concerning the D. C. Transit Car barn property previously considered and the new offering located 25X1A6A [REDACTED] Attachment 2 contains our preliminary estimate of what it would cost to reconfigure this new offering to meet our technical requirements. It is a slightly smaller amount than our estimate to reconfigure 25X1 the [REDACTED] property.

25X1A6A

25X1 3. While the new offering is farther removed from the center of our activities than the [REDACTED] property, we believe it is not without its own advantages and should be accepted by us. We believe, however, that you or Mr. Coffey would like to view this property personally before we adopt a final position and we, accordingly, await your guidance.
